BROADBAND EXPANSION PROJECT

*Priority
areas based
on study*

“Now, to meet the connectivity needs of our business, we are using three different providers...This expansion of the fiber network will help us overcome these challenges and continue to grow our family agribusiness.”

–Rob Leeds, Ostrander farmer

“Everybody should have access to reliable, decently priced internet. As farmers, we use it to check on everything from the weather to the grain markets every day.”

*–Doug Dawson,
Brown Township farmer*

“We were fortunate to get Consolidated’s fiber a few years ago and the difference in the speed is definitely noticeable. Same with the reliability.”

*–Brian Skinner,
Brown Township farmer*
