## NOTICE

### **DATE, TIME AND PLACE FOR THE PUBLIC HEARING ON THE RE-ESTIMATE OF THE CONSTRUCTION COST FOR THE WEBSTER-ARNOLD #355 WATERSHED DRAINAGE IMPROVEMENT PROJECT**

On June 27, 2022, the Delaware County Board of Commissioners adopted Resolution Nos. 22-539, 22-540, 22-541, 22-542, No. 22-543, and 22-544 finding in favor of the Webster-Arnold #355 Main South, Main North, and Lateral #1 drainage improvement project and ordering the letting of contracts for the same.

The Delaware County Engineer solicited for public bids three separate times, failed to receive a qualifying bid, and deemed it necessary to revise the Engineer's Estimate for the project. As a result the Board of Commissioners of Delaware County, State of Ohio, directed the Delaware County Engineer to prepare a new estimate for the Webster-Arnold #355 Drainage Improvement Project, pursuant to section 6131.40 of the Revised Code, and to submit the revised estimate.

Notice is hereby given that the County Engineer has filed with the Clerk of the Board the maps, profiles, plans, schedules and reports in the above named improvement.

Notice is hereby given that the Board will conduct a public hearing on the Re-Estimate of the Construction Cost for the Webster-Arnold #355 Watershed Drainage Improvement Project, on August 11, 2025, at 10:00a.m. at the Office of the Board of County Commissioners, 91 North Sandusky Street Delaware, Ohio. At this hearing, the Board shall also hear any evidence offered by any owner for or against the proposed improvement in light of the County Engineer's revised estimate of the construction cost.

Notice is hereby given that, if the Commissioners direct the County Engineer to proceed with the project, all costs of engineering, construction and future maintenance will be assessed to the benefiting parcels of land.

Plans, reports, and schedules for the construction may be examined by contacting the Delaware Soil and Water Conservation District directly at 740-368-1921, for the Resource Conservation Program.

Any owner may comment on the proposed improvement in writing before or in person at the public hearing on the petition.

Written comments on the proposed improvement should be sent to the following address:
