IN THE MATTER OF APPROVING A DITCH PETITION FOR WALKER WOOD, SECTION 3, PHASE 2:

It was move by Mrs. Martin, seconded by Mr. Ward to approve a Ditch Petition for Walker Wood, Section 3, Phase 2.

Walker Wood, Section 3, Phase 2

DITCH MAINTENANCE PETITION

We the undersigned owners of 10.130 acres in Orange Township, Delaware County, Ohio propose to create a subdivision known as Walker Wood, Section 3, Phase 2 as evidenced by the subdivision plant (Exhibit "A" which is available at the County Engineer's Office). This plat has been approved and signed by the Delaware County Regional Planning Commission and the Delaware County Engineer. Drainage improvements related to this subdivision have been constructed (or are bonded and will be constructed within a period of one year as evidenced by the Subdivider's agreement Exhibit "B" available at the County Engineer's Office). In accordance with Section 6137 of the Ohio Revised Code, we (I) hereby request that the improvements delineated on Exhibit "C" (available at the County Engineer's Office), be accepted as part of the County Ditch Maintenance Program and that an annual maintenance assessment be collected with the Real Estate Taxes for each lot in the subject subdivision to cover the cost of current and future maintenance of the improvements.

We (I) represent 100% of the property owners to be assessed for maintenance related to this drainage improvement.

We (I) hereby waive our rights to a public viewing and hearing and ask that your board approve this action in conjunction with the approval of the Walker Wood, Section 3, Phase 2 Subdivision.

The cost of the drainage improvements is \$6,853.00 and a detailed cost estimate is available at the County Engineer's office in Exhibit "D". The drainage improvements are being constructed for the benefit of the lots being created in this subdivision. Forty lots are created in this plat and each lot receives an equal share of the benefit (cost) of the project. The basis for calculating the assessment for each lot is therefore, \$428.31 per lot. An annual maintenance fee equal to 2% of this basis \$8.57 will be collected for each lot. I understand that the basis for calculating the maintenance assessment will be reviewed and possibly revised every 6 years. The first year's assessment for all of the lots in the amount of \$137.06 has been paid to Delaware County.

Easements to provide for the maintenance of the improvements have been provided on the plat.

RESOLUTION NO. 99-570

7:45 PM Public Hearing for Sherwood Ditch

Mr. Wuertz opened the hearing at 7:45 PM

Mr. Bauserman presented his First Public Hearing Report (Full report available in minutes of meeting).

Mrs. Ruth Bonsel of 3019 Steamtown Road spoke explaining the cost for this ditch will be a hardship for her. She feels she will be forced to pay for repairs that occurred because of the neglect of a property owner.

Mr. Andrew Buechel presented background information regarding his unsuccessful efforts to construct this ditch with the landowners joint efforts and funds.

Mr. Gary Graham of Township Road 21 explained this work is needed because the land owner did not perform routine maintenance to the ditch.

Ms. Mary C. Smith of Rivermill Drive, Columbus, daughter of Ms. Bonsel spoke explaining she called the Army Corps of Engineers. After giving them information about the ditch, she was told that due to the fact this ditch was over 100 years old and not maintained, it is likely that a 404 Wetlands permit will be required before work could begin. Mr. Bauserman explained the CORPS of Engineers will be provided with information as well as ODNR. If a permit is required, it will be obtained if the ditch petition request proceeds to that point.

**COMMISSIONERS= JOURNAL NO. 39 - DELAWARE COUNTY
MINUTES FROM REGULAR MEETING HELD JULY 6, 1999**

Mr. Jeff Quinn of Sherwood Road asked if the estimated cost presented in the report will change if a permit is required. Mr. Bauserman responded, it would increase the cost.

Mr. Milt Link of the Soil and Water Conservation explained the procedure for state funding assistance.

Mr. Joel Staley of County Road 156, Cardington, Ohio provided information regarding efforts to alleviate the water pressure in the ditch area.

Mr. Wuertz closed the hearing at 9:07 PM

Mr. Ward moved to approve the following resolution, seconded by Mrs. Martin.

Whereas, on May 11, 1999, a Ditch Petition to reconstruct and improve Sherwood Ditch # 339 was filed with the Delaware County Commissioners, and

Whereas the Board of Commissioners of Delaware County on July 6, 1999, held a public hearing to determine if the action is necessary, conducive to the public welfare, and the benefits derived exceed the cost incurred for the reconstruction and improvement of Sherwood Ditch number 339, and

Whereas, after hearing testimony from property owners and the preliminary report of County Engineer, Chris Bauserman, the Board of Commissioners find the action is necessary, conducive to the public welfare, and the benefits exceed the estimated cost.
