IN THE MATTER OF APPROVING AN EASEMENT AND RIGHT OF WAY WITH AMERICAN ELECTRIC POWER/COLUMBUS SOUTHERN POWER COMPANY FOR THE NORTHEAST CORNER OF THE 800 CHESHIRE ROAD PROPERTY:

It was moved by Mr. Ward, seconded by Mr. Evans to approve the following

Easement and Right of Way

The Board of Commissioners of Delaware County, Ohio, "Grantor(s)" in consideration of \$1.00, the easement terms, and other good and valuable consideration from Columbus Southern Power Company, an Ohio corporation, 700 Morrison Dr., Gahanna, OH 43230-6605, "Grantee", the receipt and sufficiency of which is acknowledged, grants and conveys with general warranty covenants to Grantee, a right of way and easement "Easement", for electric, other energy or communication purposes for current/future uses, overhead and underground, in, on, over, through and across the following described lands situated in Liberty Township, Delaware County, Ohio, being situated in Lot 20, Section 4, Township 4, Range 19, United States Military Lands, containing 13.240 acres of land more or less, as found in ORV 655 Page 983 dated 9-28-2005 of the Delaware County Recorder's Office.

Said lines and facilities shall be constructed within the limits of a ten (10) foot wide strip of land the centerline being the pole and overhead and underground electric cable as installed. The approximate location of which is shown on the attached drawing marked Exhibit "A", and made a part hereof. See Addendum to Right of Way attached hereto and made a part hereof.

This Easement conveys all necessary and convenient rights for the Easement's use, including, without limitation, the rights to: construct, operate, maintain, inspect, protect, replace, enlarge, upgrade, relocate within the Easement, extend or remove utility facilities, with poles, anchors, guys, supporting structures, conductors, conduits, service pedestals, grounding systems, foundations, manholes, devices and associated equipment, as it may deem appropriate, adding thereto from time to time; perform grading or filling for such facilities; cut, trim, remove and/or otherwise control, at Grantee's option, without any liability to Grantor, any trees, overhanging limbs or branches, brush, shrubs, undergrowth, of whatever size, (including those that are dead, diseased, weak, or leaning), buildings, structures, or other obstructions that in Grantee's reasonable judgment endangers or will endanger the safety of, interfere with or encroach upon the use of its facilities, both within and adjoining the Easement. Within the Easement, Grantor shall not: place any buildings, structures, pile or debris, interfere with lateral support, construct any swimming pool, change the level of the ground by excavation or mounding without Grantee's written consent, allow any construction that would be inconsistent with the National Electric Safety Code or Grantee's design standards, and, for underground lines, permit or cause any excavation, except for other utilities, provided such utilities rights do not conflict with this Easement. This Easement also conveys the right of ingress and egress in and over any reasonable routes at all times. If any governmental authority requires Grantee to relocate the facilities contemplated by this grant, this Easement conveys the right to relocate such facilities to a comparable location.

Grantor may use its property for all purposes not inconsistent with the full enjoyment of the Easement, but Grantor acknowledges high voltage electric lines will be constructed within the Easement and Grantor shall conduct construction/maintenance activities on its property consistent with all applicable safety rules and regulations for working near electric lines. Safety/required clearance issues may be referred to Grantee's Engineering Group and if

Grantor initiates any construction or building activities on its property, always call the applicable utility protection service before the activity begins. Grantee shall restore the premises or pay reasonable damages done to fences, drains, seeded lawns (not landscaping), gates, ditches and crops caused by Grantee's use of the Easement. Grantor has authority to grant this Easement. No delay or omission by Grantee in exercising any right hereunder shall operate as a waiver or forfeiture of such right. This Easement grant is effective and binding upon the parties, their respective successors, assigns, lessees, licensees, heirs and legal representatives, and if any term hereunder is held invalid, the remainder shall not be affected thereby. Easement attachments, if any, are incorporated herein by this reference.

Addendum to right of way

American Electric Power/Columbus Southern Power Company agrees to indemnify and save harmless the Grantor(s) against and from any and all liability, cost and expense arising from injury or damage to other persons, their property, or the property of the Grantor(s), caused by the Negligence of Columbus Southern Power Company in the use and occupancy of the premises subject to the rights of way and easements hereby granted or in the use and occupancy of said Right of way and easement granted to Columbus Southern Power Company, in the construction, maintenance and operation of its structures located in, on or under the property of the Grantor(s) or immediately adjacent thereto, unless such loss and/or damage is caused by the negligence of the Grantors.
